# Our Health and Disability Team

A large part of our work involves helping people claim the benefits they are entitled to, which includes disability benefits for those who experience certain health conditions which impact their lives on a daily basis.

Our Health and Disability Team are trained to help people make applications for Personal Independence Payment, Attendance Allowance, Disability Living Allowance, Carers Allowance & Blue Badge applications for those with limited mobility.

We also help people to challenge potentially unfavourable decisions made by the DWP in regard to the awards of these benefits
